

December 2023

Happy Holidays!

As we move into the holiday season, we will be focused this month on singing, singing, and even more singing to present to you a Holiday Program! The Holiday Program will be Friday the 22nd. We will be singing Christmas songs and getting into the holiday spirit!

This month we are learning all about the continent Europe, we will be learning about European Traditions, culture, music, animals, and food.

In science, we will be learning about reptiles and amphibians; what are the differences, how they are similar, and learning about their habitats.

The December snack calendar will be available starting December 1st.

If you are interested in helping buy practical-life food-prep items for the classroom, please let me know.

As always, don't hesitate to reach out with any questions or concerns.

Let's have a wonderful holiday season!
