

January 2024
Room 6

Hello Everyone,

Happy New Year! I hope you all had a great holiday season with your families. Here's to a great start to 2024!

This month, we will be learning about our 4 seasons. We will have various art and science works on the shelves, and we will also have lessons during group.

We will also be introducing the continent of Australia this month. We will learn about what animals we can find there, as well as the culture and geography that make up Australia.

Now that we are past the holidays, we are going to start really kicking things into gear. I will be updating Transparent Classrooms with each of your child's progress plans and goals so you all can see where they are at and what they are working towards. Please let myself or Randi know if you are having any trouble accessing Transparent Classrooms and I am happy to help get you up to speed!
