

# March 2023

## Lower Elementary

Dear Families,

It is March and St. Patrick's Day is just around the corner! Every year we have mischievous Leprechauns visit our classroom. Every year, we try to capture them. For Practical Life homework in March students can work on a leprechaun trap. We encourage them to use simple machines to trap the leprechauns. Please bring leprechaun traps on March 15th to set up over spring break.

Lastly, we need tablecloths or picnic blankets for lunch and snack time. I am hoping someone has some extra tablecloths in their home that they are not using and willing to part with it.

For this school year, we are studying different virtues. If you would like to accompany us on this journey at home, you can look into the book, The Families Virtues Guide by Linda Kavelin Popov. This month, we will start with assertiveness. I'll leave you with this quote:

"Since you are like no other being ever created since the beginning of time, you are incomparable. "

-Brenda Ueland
