

April Newsletter Room 1

Hello Room One Families,

Two months left, WOW! It is hard to believe we are in the home stretch of this year. We have had a great year filled with learning, making friends, and building our skills socially and emotionally. I'm so thankful to be apart of your children's lives!

Our focus this month in science will be the water cycle, weather, and clouds. As the trees are waking, we will be looking at the parts of the tree and different types.

In honor of Earth Day, we will be discussing what it means to be an environmentally cautious citizen. We will learn about pollution and ways that we can take care of our Mother Earth. Stay tuned for more information about Earth Day!

Our **Parent Teacher Conference** sign up sheets will be available soon! Stay tuned for more information to come!

Please remember that it is important that your child is not present during our conference. Childcare will be available during your conference slot.
