

November 2024

Room 6

Hello Families,

The cold weather has arrived! Please bring appropriate outside clothing including hats, earmuffs, gloves, a warm jacket, pants and long-sleeved shirts. If we get snow, we will still go outside so please bring snow gear for those days

Last month we had a change of plans and decided to study biomes of the world instead of North America. So, for curriculum this month will talk about North America, the food we eat, native animals, and the biomes. We will also study the second type of vertebrates, the reptile, as well as the life cycle of corn, and leaf shapes. We will also learn about Georgia O'Keeffe; her birthday is November 15th.

The other fun part about November is the annual stone soup feast! We will do this on November 22nd. I know there are a few dietary restrictions and allergies so we will do our best to cook the soup without those ingredients so we can all enjoy it together! I will be asking for side dish donations such as rolls, veggies, fruit, and a dessert. We will rearrange the classroom a bit on this day so we can all eat at the same table and enjoy a meal together. I will also be asking for volunteers to help with setting up and cleaning afterwards. It has been so nice having family volunteers help in the classroom.

We will also have the Fall Festival on November 8th from 5pm to 7pm. I look forward to seeing you all there! Thank you for the continued kindness and support.

Sincerely,

Ms. Amanda

All School Bulletin

November 8th

PTO Fall Fest 5pm-7pm

November 11th
