

November 2024

Room 7

Dear Families,

As we dive into November, I'm excited to share what's happening in our classroom! This month is filled with learning opportunities and gratitude.

- **Reading:** We are focusing on comprehension strategies, including summarization and predictions. Encourage your child to read at home and discuss their books!
- **Math:** First graders are exploring addition. Second graders are beginning multiplication concepts through hands-on activities. Please practice at home with everyday items to reinforce these skills.
- **Cultural Studies:** Thank you all for a great Wax Museum event! Students enjoyed learning about historical figures. This month, all grades are learning about the Solar System and the Earth's layers.

Reminders:

- Please ensure your child comes dressed appropriately for the changing weather. We will go outside on snowy days.
- Continue to check and sign your child's homework folder each week.

Thank you for your support and involvement in your child's education. We look forward to a wonderful month ahead!

Warm regards,

Maria Anderson
