

**April 2025**

**Room 3**

Hello Families,

Spring is here! We will focus on this beautiful season by exploring the outdoors. We will learn about plants – discussing their lifecycle and different parts. We are continuing our study of the seasons, types of weather and the water cycle.

In honor of Earth Day, we will talk about what it means to be an environmentally conscious citizen. We will learn about pollution and various ways to take care of Mother Earth. If the weather cooperates, we will plant some flowers around the school.

The weather this month can fluctuate wildly throughout the day. Please help your child pick appropriate clothes to wear and bring to school. Take a moment to check your child's cubby for weather appropriate extra clothes.

We have a "Watch Me Work Wednesday" on April 16<sup>th</sup>. We invite all parents to come and watch their child work! Your child will show you some of the materials they have been working on. This is a great opportunity for you to see what your child is learning.

Our Parent/Teacher Conference sign-up sheets will be available soon. Please take a moment to sign up for your half-hour slot. On Wednesday, April 23<sup>rd</sup> there will be afternoon spots available for the convenience of our extended day families. On Thursday (4/24) and Friday (4/25) there will be no school or gap camp. Childcare will be available during your conference time only.

## All School Bulletin
